Things the app flagged to check

• **This notice may be too short.** It gives you 14 days. For your rent period the law may require at least 180 days, unless your tenancy agreement sets its own notice period. Ask a lawyer or legal aid to check.
• **Rules not yet confirmed.** These Lagos notice periods are still being checked. Confirm with a lawyer before relying on them.

Made with 7 Days, a free information tool. This is NOT legal advice. The tenant filled this in and checked it against their paper. Nothing was saved.
